This information of further acts of crime is in joinder with my previous reports of a Conspiracy to Commit Various Felonies to the F.B.I. I am sending this, with the following body, to the Sacramento Police Department. I plan to send it to DHS also.

← In the evening of 07082020, a large  
automobile gang, Again, conducted what has  
been called a "rally" on Truxel Blvd. around

Natomas Plaza. Its multitude of members have modified their engines with damages and Malfunctions counterpurpose to noise reduction with intent to cause Disruptive Noise Pollution. Sparks emanate with their high-decibel, explosive backfirings. I just arrived to the tree lawn to do paperwork activities (as a custom known as you are aware). Just prior, I left Staples at Natomas Plaza for printouts. I stopped at In & Out while temporarily occupying. I ordered and spoke with management. He claimed to have contacted dispatch about a "rally" that became too disturbing. There was no police response. (For AV discovery, See /200708AutoGngHrssmntTrxl at my Youtube Channel: jaakovos.)

Acts constitute: Public Nuisance; Disturbance of the Peace rising to Insurrectionist Civil Disorder and Unrest; and motor vehicle violations involving hazard from plausible automobile explosions. I observed three local squad cars amongst traffic during these incidents neglecting law enforcement in Obstructionist Complicity. You need to stop, arrest and impound upon incidents with a high priority initiative to heavily deter.

I have reported multiple incidents of such and other Criminal Harassments (even assaults and with firearms). Law Enforcement  
Scene of Duties has Continually been Denied

assaults and with firearms). Law Enforcement Scope of Duty has Continually been Deprived and Prejudicially Neglected in Obstruction of Justice by Total Ignorance. This Conspicuously betrays... consistent with past assertions -- and over a long train of Abuses Evincing... [I must reiterate the above again and again as damages harassing my time with procedural harassment. Refer to your file records with full acknowledgement without guileful selectivity and denial of the obviously, very high-magnitude matter I am targeted within as the innocent figure. Also, acknowledge without partiality irregardless of the identities of the various culpable parties. I know you know what I mean. You cannot deny this, and I have kept copious record (as you do constantly know prominently), but you feign Ignorance in denial to myself duplicitously dismiss the record in this defensive guile, but no incidents are isolated without this conscious knowledge. You cannot continue to just pretend such matter so conspicuous does not exist as if no such could possibly prejudicing. You cannot continue to just prejudicially and oversimply pretend such matter so conspicuous could not exist as if such is prima facie delusional to address. Be Honest. This is ulteriorly motivated error in defensiveness and partiality dismissing what is obvious.]

We all know: Obviously, you are aware that

We all know: Obviously, you are aware that, in this whole context, I have been caused to be indigent and necessarily work to prepare workproduct for causes and callings in my life by Fundamental Right to not Harass and Disrupt. Accumulated Harassments are overwhelmingly Provoking (and that also itself is egregious Crime). [I am reiterating again after multiple times to the harassment of overburden to my time.] This is while: Public Libraries and Places are closed; COVID-19 is equivalent to commin-cold, influenza, or rarely pneumonia (according to Propaganda); statistics reported do not reflect a pandemic condition justifying Surgeon General action actually; and implications of these facts are obvious.

The conduct of said gang has been a recurring pattern of Retaliatory Harassment at all Public Locations (between Truxel Blvd. and Northgate Ave.) where I have begun activities aforementioned once I began. Conspicuously, it is in connection with other harassing, overzealous Harassments of Illegal Surveillance of enemy, organized crime and other colluding organizations with malice intent to Disrupt (Everyday all day).

Additional Facts:

I recently observed a former M.T.I. of Lackland Air force Base in Texas, who in 2005 was Tech. Srgt. Burton involved in the disorderly conduct

other colluding organizations with malice intent  
to Disrupt (Everyday all day).

Additional Facts:

I recently observed a former M.T.I. of Lackland

Air force Base in Texas, who in 2005 was Tech. Srgt. Burton, involved in the disorderly conduct on Northgate Ave. by Am/Pm near the corner of San Juan road. He stared at me, after having not seen me in proximity since basic training in 2005, as he passed in a pickup truck. I have since become privy he has been connected with occultic-organized-crime enemies of my family of surname and that live in Texas. I know, as per past assertions, UCMJ violators are involved. Parties from the local Marines' program office on Truxel have also been harassing. For example, one day I was binding "Indications of the Way to the Kingdom of Heaven." A personnel jogged by, intrusively observed, then muttered, audibly but inconspicuously, "Go (expletive) off!" [He'sda number 1 who looks like George Clooney.
